ANALYST – BUSINESS AND PROJECT DEVELOPMENT

Description

Join our Team

Join Cloverleaf in developing innovative solutions for the largest electric loads. We develop power-ready and construction-ready sites to enable the growth of cloud computing and artificial intelligence, the renaissance of domestic manufacturing, and new forms of energy production.

We are a fast-paced company with experienced founders, strong investors, and a collaborative work environment. Take your career to the next level, make a difference, and work on some of the most important issues of our time!

Position Description

We are seeking a recent college graduate to join our dynamic team as an Analyst focused on business and project development. The ideal candidate will have a demonstrated interest in energy, digital infrastructure, and/or real estate, but the most important qualifications are a strong work ethic and a curiosity to learn whatever is needed. The role offers the ability to work directly with the company's executive team.

Responsibilities

- Develop proposals for customers incorporating company marketing materials, financial and commercial analysis, and research about the customer's needs
- Support project development efforts, including meeting with stakeholders, hiring consultants, developing project plans, and preparing budgets
- Prepare presentations and reports for the executive team and board of directors, synthesizing complex information into clear and actionable insights
- Support the executive team in meeting with investors and potential business partners
- Assist in standing up the basic office and administrative functions of a growing company

Qualifications

- Bachelor's degree
- 0-2 years professional work experience
- Strong working knowledge of Microsoft Word, PowerPoint, and Excel
- Ability to prepare clear and professional materials, including reports and presentations
- Strong analytical skills and attention to detail
- Superior work ethic
- Strategic, creative mindset
- Excellent collaboration skills and a can-do attitude

Compensation and Benefits
